THIS CABLE TELEVISION RENEWAL LICENSE AGREEMENT (this "License" or "Agreement") is entered into by and between the Board of Selectmen of the Town of Abington, as Issuing Authority for the grant of the cable television license pursuant to the Massachusetts Cable Law, and Verizon New England Inc., a corporation duly organized under the applicable laws of the State of New York (the "Licensee").

WHEREAS, the Issuing Authority is a "franchising authority" in accordance with Title VI (as hereinafter defined) (see 47 U.S.C. § 522(10)) and is authorized to grant one or more nonexclusive cable licenses pursuant to the Massachusetts Cable Law;

WHEREAS, the Issuing Authority granted to Licensee effective as of February 25, 2008 a nonexclusive Final License to install, maintain, extend, and operate a Cable System in the Town for a term of fifteen (15) years (the "Final License");

WHEREAS, the Licensee has operated a Cable System in accordance with the Final License as of the effective date on its existing Telecommunications Facilities consisting of a Fiber to the Premises Telecommunications Network ("FTTP Network") in the Town which transmits Non-Cable Services pursuant to authority granted by M.G.L. c. 166 and Title II, which Non-Cable Services are not subject to the Massachusetts Cable Law or Title VI;

WHEREAS, pursuant to and in accordance with applicable federal and State law, the Issuing Authority undertook a process to determine whether it should renew the Final License and the terms for such a renewal;

WHEREAS, the Issuing Authority has examined the past performance of Licensee and has determined that Licensee is and has been in material compliance with the Final License and applicable law;

WHEREAS, pursuant to and in accordance with applicable federal and State law, the Licensee submitted to the Issuing Authority a proposal to renew the Final License to operate a Cable System in the Town; and

WHEREAS, following good faith negotiations between the parties, the Issuing Authority and Licensee have agreed on the terms for a renewal License under which Licensee will continue to operate its Cable System in the Town.

NOW, THEREFORE, in consideration of the Issuing Authority's grant of a renewal License to Licensee, Licensee's promise to continue providing Cable Service to residents of the Town pursuant to the terms and conditions set forth herein, and for other good and valuable consideration, the receipt and the adequacy of which are hereby acknowledged,

Public Rights-of-Way do not include the airwaves above a right-of-way with regard to cellular or other non-wire communications or broadcast services. Reference herein to a "Public Rights-of-Way" shall not be construed to be a representation or guarantee by the Town that its property rights are sufficient to permit its use for any purpose, or that the Licensee shall gain or be permitted to exercise any rights to use property in the Town greater than those already possessed by the Town.

1.37. *Town*: The Town of Abington, Massachusetts.

1.38.1. Any transaction in which:

1.38.1.1 an ownership or other interest in Licensee is transferred, directly or indirectly, from one Person or group of Persons to another Person or group of Persons, so that Control of Licensee is transferred; or

1.38.1.2 the rights held by Licensee under this License are transferred or assigned to another Person or group of Persons.

1.38.2. However, notwithstanding Sections 1.38.1.1 and 1.38.1.2 above, a Transfer of this License shall not include transfer of an ownership or other interest in Licensee to

the parent of Licensee or to another Affiliate of Licensee; transfer of an interest in this License or the rights held by the Licensee under the License to the parent of Licensee or to another Affiliate of Licensee; any action which is the result of a merger of the parent of the Licensee; or any action which is the result of a merger of another Affiliate of the Licensee, except to the extent that any of the foregoing are determined to be a transfer of control pursuant to 207 CMR 4.01, in which case such transaction shall be subject to the Cable Division's transfer regulations (207 CMR 4.00 et. seq.).

1.39. *Video Programming*: Shall be defined herein as it is defined under Section 602 of the Communications Act, 47 U.S.C. § 522(20).

2. GRANT OF AUTHORITY; LIMITS AND RESERVATIONS

2.1. *Grant of Authority*: Subject to the terms and conditions of this Agreement and the Massachusetts Cable Law, the Issuing Authority hereby grants the Licensee the right to own, operate and maintain a Cable System along the Public Rights-of-Way within the Town, in order to provide Cable Service. No privilege or power of eminent domain is bestowed by this grant; nor is such a privilege or power bestowed by this Agreement. This License grants no authority for the Licensee to use the Public-Rights-of-Way within the Town for any purpose other than as provided herein. However, nothing in this License shall be construed to prohibit or limit the Licensee from offering any service over the Cable System that is not prohibited by federal or State law provided that any requirements for Town authorization or permitting not inconsistent with federal and State law are satisfied. The Licensee's FTTP Network in the Public Rights-of-Way is subject to M.G.L. c. 166, s. 22, and as such is subject to regulation by the Town consistent with that law, including all lawful and applicable Town bylaws and regulations regarding rights-of-way and public works matters, including rights-of-way management requirements with regard to public safety and other legitimate municipal concerns. To the extent that grants of location may be required for the ownership, operation and maintenance of the Cable System along the Public

Rights-of-Way within the Town, the Town reserves the right to require that Licensee obtain grants of location and comply with such grant of location requirements.

2.2. *Issuing Authority Does Not Regulate Telecommunications:* The parties recognize that the FTTP Network is constructed, operated and maintained as an upgrade to and/or an extension of Licensee's existing Telecommunications Facilities under Title II and M.G.L. c. 166. The jurisdiction of the Town over such Telecommunications Facilities is restricted by federal and State law, and the Town does not and will not assert jurisdiction over Licensee's FTTP Network, in contravention of those limitations. The Issuing Authority's regulatory authority under Title VI does not extend to the construction, installation, maintenance or operation of the FTTP Network to the extent the FTTP Network is constructed, installed, maintained or operated for the purpose of upgrading and/or extending Verizon's existing Telecommunications Facilities for the provision of Non-Cable Services.

2.3. *Term:* The term of this License shall be for a period of five (5) years, commencing on March 13, 2023 (the "Effective Date"), and shall expire at midnight on March 12, 2028, unless the License is earlier terminated by Licensee pursuant to the terms of Sections 2.4 or 2.5 of this License or revoked by the Issuing Authority as provided herein.

2.4. *Termination:* Notwithstanding any provision herein to the contrary, Licensee may terminate this License upon one hundred and eighty (180) days' written notice to the Issuing Authority. Licensee shall not provide the notice of termination sooner than the beginning of the 31st month following the Effective Date.

2.5. *Modification/Termination Based on VSP Requirements:*

2.5.1. If the Issuing Authority enters into any franchise agreement, license, or grant of authorization to a VSP to provide Video Programming services to residential subscribers in the Town and provided that such terms or conditions can be reasonably demonstrated to materially and adversely affect Verizon's competitive position relative to any VSP that has entered an agreement, etc. that is deemed materially less burdensome, Licensee and the Issuing Authority shall, within sixty (60) days of the Issuing Authority's receipt of Licensee's written notice, commence negotiations to modify this License to create reasonable competitive equity between Licensee and such other VSP. Any modification of the License pursuant to the terms of this Section shall not trigger the requirements of 207 CMR § 3.07.

2.5.2. In the event the parties do not reach mutually acceptable agreement on a modification requested by Licensee, Licensee shall, at any time and in its sole discretion, have the option of exercising any of the following actions:

a. commencing license renewal proceedings in accordance with 47 U.S.C. §546 with the License term being accelerated, thus being deemed to expire thirty-six (36) months from the date of Licensee's written notice to seek relief hereunder;

b. terminating the License within three (3) years from written notice to the Issuing Authority;

c. if agreed by both parties, submitting the matter to commercial arbitration by a mutually-selected arbitrator in accordance with the rules of the American Arbitration Association;

d. submitting the matter to mediation by a mutually-acceptable mediator; or

e. submitting the matter to the Cable Division of the Massachusetts Department of Telecommunications and Cable.

2.5.3. The PEG Grant and PEG Access Support, as provided in Sections 5.3 and 5.4, will not be subject to modification under this Section 2.5. PEG Grant and PEG Access Support payments under this License shall be modified in accordance with the terms and conditions set forth in Sections 5.3 and 5.4 hereunder.

2.6. *Grant Not Exclusive:* This License and the rights granted herein to use and occupy the Public Rights-of-Way to provide Cable Services shall not be exclusive, and the Issuing Authority reserves the right to grant other licenses for similar uses or for other uses of the Public Rights-of-Way, or any portions thereof, to any Person, or to make any such use themselves, at any time during the term of this License. Any such rights which are granted after the Effective Date shall not be inconsistent with the rights granted under this License or the Licensee's rights under State law with respect to its telecommunications network.

2.7. *License Subject to Federal and State Law:* Notwithstanding any provision to the contrary herein, this License is subject to and shall be governed by all applicable provisions of federal and State law as they may be amended, including but not limited to the Communications Act and the Massachusetts Cable Law.

2.8. *Compliance with Federal and State Privacy Laws:* Licensee shall comply with the privacy provisions of Section 631 of the Communications Act and all other applicable federal and State privacy laws and regulations. The parties agree that, during the term hereof, Licensee shall not be subject to any local laws or ordinances which conflict with such applicable federal and/or State privacy laws, or which would impose additional or distinct requirements upon Licensee with respect to Subscriber privacy other than those which are expressly set forth in applicable federal and/or State privacy laws.

2.9. *No Waiver:*

2.9.1. The failure of the Town on one or more occasions to exercise a right or to require compliance or performance under this License, the Massachusetts Cable Law or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance by the Town, nor to excuse Licensee from complying or performing, unless such right or such compliance or performance has been specifically waived in writing.

2.9.2. The failure of the Licensee on one or more occasions to exercise a right under this License or applicable law, or to require performance under this License, shall not be deemed to constitute a waiver of such right or of performance of this Agreement, nor shall it

excuse the Town from performance, unless such right or performance has been specifically waived in writing.

2.10. Construction of Agreement:

2.10.1. The provisions of this License shall be liberally construed to effectuate their objectives.

2.10.2. Nothing herein shall be construed to limit the scope or applicability of Section 625 of the Communications Act, 47 U.S.C. § 545.

2.11. *Police Powers:* Nothing in this License shall be construed to prohibit the reasonable, necessary and lawful exercise of the Town's police powers, provided that the Town shall not exercise its police powers in a manner that would result in a material alteration of the terms and conditions of this License. Any such police powers exercised by the Town in contravention of the preceding sentence shall be of no effect with respect to this License.

3. PROVISION OF CABLE SERVICE

3.1. Service Area:

3.1.1. Subject to the issuance of all necessary permits by the Town, Licensee shall continue to offer Cable Service to all residential households in the Service Area served by aerial plant, and may make Cable Service available to businesses in the Service Area, except: (A) for periods of Force Majeure; (B) for periods of delay caused by the Town; (C) for periods of delay resulting from Licensee's inability to obtain authority to access rights-of-way in the Service Area; (D) in areas where developments or buildings are subject to claimed exclusive arrangements with other providers; (E) in areas, developments, buildings, or other residential dwelling units that Licensee cannot access under reasonable terms and conditions after good faith negotiation, as determined by Licensee; (F) in areas, developments, buildings, or other residential dwelling units where Licensee is unable to provide Cable Service for technical reasons or which require non-standard facilities which are not available on a commercially reasonable basis, including, but not limited to, circumstances where Licensee cannot access the area, development, building, or other residential dwelling unit by using Licensee's existing network pathways and which would thus require the construction of new trunk, feeder, or distribution lines; (G) in areas, developments, buildings, or other residential dwelling units that are not habitable or have not been constructed as of the Effective Date, or (H) where Licensee is unable, after good faith efforts, to make Cable Service available on a commercially reasonable basis.

3.1.2. *Cable Service to Annexed Areas:* To the extent that the Town is expanded due to annexation, then, subject to the limitations set forth in Sections 3.1 above, Licensee shall offer Cable Service to such portions of the annexed area for which Licensee's FTTP Network facilities are deployed and in which the Licensee is offering Cable Service.

3.2. *Availability of Cable Service:* Licensee shall make Cable Service available to all residential dwelling units, and may make Cable Service available to businesses, within the Service Area in conformance with Section 3.1 and Licensee shall not discriminate between or

among any individuals in the availability of Cable Service. In the areas in which Licensee shall provide Cable Service, Licensee shall be required to connect, at Licensee's expense, all residential dwelling units that are within two hundred (200) feet of trunk or feeder lines not otherwise already served by Licensee's FTTP Network. Licensee shall be allowed to recover, from a Subscriber that requests such connection, actual costs incurred for residential dwelling unit connections that exceed two hundred (200) feet as well as actual costs incurred to connect any non-residential dwelling unit Subscriber and Licensee shall disclose such costs to the Subscriber prior to, or at the time of, such installation.

3.3. *Cable Service to Public Buildings:* In accordance with applicable provisions of the FCC's 2019 Third Report and Order In the Matter of Implementation of Section 621 of the Cable Act (the "621 Order"), within a reasonable period of time following the Effective Date, the Licensee shall provide written notice to the Issuing Authority regarding the manner and process by which the Licensee shall implement the 621 Order's requirements regarding the provision of free or discounted Cable Service to public buildings under a cable license. If there is a final determination or ruling of any agency or court having jurisdiction, after exhaustion of all appeals related thereto, reversing the 621 Order such that the provision of free or discounted Cable Service to public buildings pursuant to a cable franchise should no longer be included in the calculation of franchise fees subject to the five percent (5%) statutory cap under the Communications Act, then, subject to Section 3.1, if requested in writing by the Issuing Authority within sixty (60) days following such ruling, Licensee shall provide a cable drop and an outlet activated for Basic Service along its cable routes within the Service Area at no cost to public schools, police and fire stations, public libraries and other public buildings designated in writing by the Issuing Authority. All such written designations shall include the street address of each building. The current designation of such buildings and their addresses is set forth in **Exhibit A**. Licensee shall not be responsible for the cost of any terminal equipment (including television monitors, VCRs, DVDs, DVRs and/or computers) and shall not be responsible for any lost, stolen or damaged converters or other equipment that may be provided by Licensee. The cost of additional drops or outlets, inside wiring for said additional drops or outlets, and any converters requested by the Issuing Authority within the public buildings is the responsibility of the Town. The Licensee shall coordinate the location of each outlet with representatives for each of the buildings receiving service pursuant to this Section 3.3, including consideration of locating such outlet in a building hub or wire closet capable of transmitting signals through the building's internal wiring where reasonable, technically feasible and not cost prohibitive. The parties hereto agree that the exercise of any conditional obligations set forth in this Section 3.3 shall not constitute a modification or amendment of the License within the meaning of 207 CMR 3.07.

4. SYSTEM FACILITIES

4.1. *System Characteristics:* Licensee's Cable System shall meet or exceed the following requirements:

4.1.1. The System shall be operated with an initial digital passband of between 50 and 860 MHz.

4.1.2. The System shall be operated to be an active two-way plant for subscriber interaction, if any, required for the selection or use of Cable Service.

4.1.3. The System shall comply with applicable FCC technical standards, as such standards may be amended from time to time.

4.1.4. The System shall conform in all material respects to the following standards to the extent applicable: Occupational Safety and Health Administration regulations, the National Electrical Code and the National Electrical Safety Code.

4.2. *Interconnection:* Licensee shall operate its Cable System so that it may be interconnected with other cable systems in the Town. Interconnection of systems may be made by direct cable connection, microwave link, satellite, or other appropriate methods.

4.3. *Emergency Alert System:* Licensee shall comply with the Emergency Alert System ("EAS") requirements of the FCC and applicable State and local EAS plans in order that emergency messages may be distributed over the System.

4.4. *Parental Control Capability:* Licensee shall comply with all applicable requirements of federal law(s) governing Subscribers' capability to control the reception of any Channels being received on their television sets.

4.5. *Stereo Transmissions; Remote Controls:* The Cable System shall be capable of passing through stereo signals to Subscribers. Licensee shall allow Subscribers to utilize remote control devices which are compatible with the converters provided by Licensee, provided that Licensee may charge Subscribers for the use or purchase of any such converters or remote controls.

5. PEG SERVICES AND SUPPORT

5.1. *PEG Set Aside:*

5.1.1. The Licensee shall continue to make available to the Issuing Authority and/or the PEG Access Designee, as designated in writing by the Issuing Authority, three (3) SD PEG Access Channels on its Basic Service Tier. In accordance with Section 5.1.2 below, the Issuing Authority may also request one (1) HD PEG Access Channel for a total of four (4) PEG Access Channels.

5.1.2. In addition to the three (3) SD PEG Access Channels referenced above, the Licensee shall make one (1) HD PEG Access Channel available to the Issuing Authority and/or the PEG Access Designee, as designed in writing by the Issuing Authority, as follows: Starting on the Effective Date of this Renewal License, the Issuing Authority may make a written request for such an HD PEG Access Channel to the Licensee. Upon receipt of the Issuing Authority's written request, the Licensee shall make such an HD PEG Access Channel available to the Issuing Authority or the PEG Access Designee within two hundred and seventy (270) days of the Licensee's receipt of such written notice from the Issuing Authority. The Issuing Authority shall include in its written notice a statement of whether the programming on such HD PEG Access Channel shall either be a simulcast of existing SD PEG Access Channel programming or distinct programming. The Issuing Authority or the PEG Access Designee may subsequently change the programming on the HD PEG Access Channel from an SD PEG Access Channel simulcast in HD to distinct programming, or from distinct programming to an HD simulcast of an existing SD PEG

Access Channel, upon one hundred (180) days prior written notice from the Issuing Authority to the Licensee which change shall not occur more than once during the License term. To the extent permitted by law, the Licensee shall be allowed to recover from Subscribers applicable costs incurred to transmit HD PEG Access Channel programming of any type.

5.1.3. All programming content for the HD PEG Access Channel shall be transmitted to Licensee in HD-SDI format with a resolution of 720p or 1080i. Licensee reserves the right to reassign channel number and location for any or all of the PEG Access Channels at any time during the term. The Issuing Authority expressly acknowledges that, in order to view the HD PEG Access Channel, a Subscriber may be required to upgrade equipment at an additional charge.

5.1.4. The Licensee may carry PEG Access Channel Programming within and without the Town's jurisdictional boundaries. If a PEG Access Channel provided under this Article is not being utilized by the Town, Licensee may utilize such PEG Access Channel, in its sole discretion, until such time as the Town elects to utilize the PEG Access Channel for its intended purpose. In the event that the Town determines to use such PEG capacity, the Town shall provide Licensee with 120 days' prior written notice of such request.

5.1.5. The Licensee shall monitor the PEG Access Channels for technical quality and shall ensure that they are maintained at standards the same or better than those which apply to the Cable System's commercial Channels of similar format and resolution; provided, however, that the Licensee is not responsible for the production quality of PEG Access programming productions, nor for any deficiencies in the source signal it receives from any party over which the Licensee has no control, nor for any PEG Access equipment not owned by the Licensee.

5.2. *PEG Interconnection and Cablecasting:*

5.2.1. The Licensee shall continue to connect to equipment owned by the Town and/or the PEG Access Designee at Abington High School, 201 Gliniewicz Way, Abington, MA (the "PEG Access Interconnection Site") in order to cablecast the PEG Access Channels. The Issuing Authority or, if designated by the Issuing Authority in writing to Licensee, the PEG Access Designee, shall be required to pay Licensee for all costs associated with: (i) any equipment upgrade where the need for the upgrade is initiated by the Issuing Authority or PEG Access Designee; (ii) relocating any connection where the need for relocation is initiated by the Issuing Authority or its PEG Access Designee; (iii) re-installing and/or replacing any connection at an existing location where the need for such re-installation and/or replacement is initiated by the Issuing Authority or its PEG Access Designee; or (iv) installing any new connection if initiated by the Issuing Authority or its PEG Access Designee; provided, however, that Issuing Authority and/or PEG Access Designee responsibility for the foregoing costs is subject to the Issuing Authority's express written consent, and subject further to Licensee's prior disclosure of such costs and prior consent to same by the Issuing Authority or its PEG Access Designee.

5.2.2. The demarcation point between the Licensee's signal processing equipment (which the Licensee shall own, install and maintain) and the Town's PEG equipment shall be at the output of the Town's signal processing equipment at the PEG Access Interconnection

Site. The Town and/or the PEG Access Designee shall be solely responsible for operating its switching equipment and the picture and audio quality of all PEG access programming up to the demarcation point and for ensuring all PEG access programming is inserted on the appropriate upstream PEG Access Channel. All PEG access programming shall be transmitted to the Licensee in baseband, SD-SDI or HD-SDI format with either mono or stereo audio signals, and with signals received by Licensee in stereo cablecast by Licensee in stereo. Notwithstanding the foregoing, the Licensee shall not be obligated to provide the Town or PEG Access Designee with either cablecast equipment and facilities or the personnel responsible for maintaining and operating equipment and facilities on the Town's side of the demarcation point and used to generate or administer any PEG Access signals, except as necessary to implement the Licensee's responsibilities specified herein. The Issuing Authority and the Licensee shall work together in good faith to resolve any connection issues. If the Issuing Authority issues a license to, or renews a license with, a competing VSP, the competing VSP may not connect its system to Licensee's System for the purposes of obtaining PEG access programming from the PEG Access Channels transmitted on Licensee's System without Licensee's prior written consent.

5.3. *PEG Grant:*

5.3.1. Licensee shall pay to the Town or the PEG Access Designee a PEG capital grant to be used for PEG Access capital funding purposes (the "PEG Grant") in the total amount of Forty-Eight Thousand Nine Hundred and Ninety-Nine Dollars (\$48,999.00) (the "PEG Grant"), payable in three (3) equal installments of Sixteen Thousand Three Hundred Thirty-Three Dollars (\$16,333.00) each, due and payable within forty-five (45) days of the Effective Date, and on the first (1st) and third (3rd) anniversaries of the Effective Date, respectively. The Issuing Authority and/or PEG Access Designee, as determined by the Issuing Authority, shall own all facilities and equipment purchased with the PEG Grant, and Licensee shall have no obligation to maintain, repair, replace or insure any equipment or facilities purchased with the PEG Grant.

5.3.2. If the Issuing Authority enters into any new or renewed cable license agreement with any other VSP which contains obligations associated with a PEG Grant or other comparable program that are lesser than the obligations set forth above, the Licensee's obligations under this Section shall be reduced, on an annual basis and upon the effective date of said agreement, to an amount equal to the lowest total payment required to be made by any VSP to the Town. The relief available in the event of the foregoing is equitable relief going forward, and the Licensee shall not recover amounts already paid to the Town. Notwithstanding the foregoing, if at any time during the term of this License, any other VSP ceases to provide cash grants to the Town in support of the production of local PEG programming in accordance with the terms of its respective license agreement, then Licensee's PEG Grant obligation shall also cease. The Issuing Authority shall provide notification to Licensee within thirty (30) days of such other VSP's failure to provide a cash grant in accordance with the schedule set forth in such VSP's license agreement with the Issuing Authority. Equipment, services and other in kind, non-monetary contributions to the Town by such VSP shall not count towards the cash grants referenced in this paragraph.

5.4. *PEG Access Support:*

5.4.1. The Licensee shall provide annual funding to the Issuing Authority or the PEG Access Designee for PEG Access Channel operating support or other PEG Access

Channel costs and expenses ("PEG Access Support") in the amount of Four and Three-Tenths percent (4.3%) of the Licensee's annual Gross Revenue, subject to the limitation in Section 6.2; however, if the Town issues or renews any cable license after the Effective Date that provides for a higher or lower percentage of PEG Access Support, then the percentage of the Licensee's PEG Access Support payments shall be increased or reduced to match such higher or lower percentage over that same time period. The Issuing Authority shall place Licensee's PEG Access Support payments in a restricted account for cable related purposes in the nature of a grant account and not into the general fund, which account will be under the Issuing Authority's control.

5.4.2. The PEG Access Support payments shall be made no later than forty-five (45) days following the end of each calendar quarter. The Licensee shall be allowed to provide an extra payment if needed to correct any payments that were incorrectly omitted, and shall have the right to offset against future payments any payments that were incorrectly submitted, in connection with the quarterly remittances within ninety (90) days following the close of the calendar year for which such payments were applicable. For purposes of the PEG Access Support payment, the period for determining Gross Revenues shall be the preceding calendar quarter. If Cable Services are provided to Subscribers in conjunction with Non-Cable Services, then the calculation of Gross Revenues shall be adjusted, if needed, to include only the value of the Cable Services billed to Subscribers, as reflected on the books and records of Licensee in accordance with FCC rules, regulations, standards or orders.

5.5. *PEG Operational Rules:* The Issuing Authority and/or PEG Access Designee shall establish rules and regulations that require all local producers and users of any of the PEG facilities or Channels to assume individual responsibility for any program-based liability including but not limited to liability for copyright infringement or defamation, and to hold the Town and Licensee harmless for same, subject to applicable federal statutory and FCC requirements. The Issuing Authority or its access designee shall establish rules and regulations for use of PEG facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531) and this Section 5.5.

5.6. *Recovery of Costs:* To the extent permitted by federal law, the Licensee shall be allowed to recover the costs of the PEG Grant, the PEG Access Support, the costs of PEG interconnection and any other costs arising from the provision of PEG Access services from Subscribers and to include such costs as separately billed line items on each Subscriber's bill. Without limiting the foregoing, if allowed under State and federal laws, Licensee may externalize, line-item, or otherwise pass-through interconnection costs to Subscribers.

5.7. *Non-Commercial Programming.* The Issuing Authority shall not use the PEG Access Channels to provide for-profit commercial programming. Consistent with the current underwriting standards for non-commercial television stations, notices of support and underwriting may be permitted within or adjacent to PEG Access programming.

5.8. *Late Payments.* In the event that the PEG Grant, the PEG Access Support fee or the License Fee is not paid within thirty (30) days after the due dates set forth in this License for such payments, then interest shall accrue from thirty (30) days after the due date until the date paid at a rate equal to the Prime Rate.

5.9. *No PEG Access Designee Rights:* The Issuing Authority and the Licensee herein acknowledge and agree that any PEG Access Designee is not a party to this License and that any provisions herein that may affect a PEG Access Designee are not intended to create any rights on behalf of any PEG Access Designee.

6. LICENSE FEES

6.1. *License Fee:* Pursuant to Section 9 of the Massachusetts Cable Law, the Licensee shall pay to the Town, throughout the term of this License, a license fee equal to fifty cents (\$.50) per Subscriber per year (the "License Fee").

6.2. *Maximum License/Franchise Fee Obligation:* Any fee, tax, assessment, grant, contribution of any type (including in-kind) or expenditure paid or incurred by the Licensee under this License and/or under applicable State law in connection with the provision by Licensee of Cable Service in the Service Area is subject to classification as a "franchise fee" and the five percent (5%) cap on such fees in accordance with Sections 622(b) and (g) of the Communications Act (47 U.S.C. § 542) and applicable federal rules and regulations.

6.3. *Payment Information:* In determining the License Fee, the number of Subscribers shall be measured as of December 31st of the preceding calendar year. The License Fee shall be paid no later than March 15th of each year during the term of this License.

6.4. *Limitation on Actions:* The parties agree that the period of limitation for recovery of any payment obligation under this Agreement shall be three (3) years from the date on which payment by Licensee is due.

6.5. *Re-computation and Audit:*

6.5.1. Tender or acceptance of any payment made pursuant to Articles 5 or 6 shall not be construed as an accord that the amount paid is correct, nor shall such acceptance of payment be construed as a release of any claim that the Issuing Authority may have for additional sums.

6.5.2. If the Issuing Authority has reason to believe that any payments made pursuant to Articles 5 or 6 are incorrect, it may conduct an audit no more than once during any three (3) year period during the term of this License. The Issuing Authority shall not conduct a "success-based" audit. If, after such audit and re-computation, an additional fee is owed to the Town, such fee, including interest pursuant to Section 5.8, shall be paid within thirty (30) business days after such audit and re-computation; provided, however, the Licensee shall be provided a reasonable opportunity to review the results of any audit and to dispute any audit results which indicate an underpayment to the Town.

7. CUSTOMER SERVICE

7.1. *Standards:* The Licensee shall comply with the FCC's cable television customer service and notice regulations codified at 47 C.F.R. § 76.309(c), 47 C.F.R. § 76.1602, and 47 C.F.R. § 76.1603, as amended, and the billing and termination of service provisions

contained in 207 CMR § 10.00, as amended; provided, however, that Licensee may satisfy the requirements of 47 C.F.R. § 76.309(c)(1)(v) through its website. Measurement of the telephone availability standards in 47 C.F.R. § 76.309(c)(1)(ii) shall include all calls received by the Licensee at all call centers receiving calls from Subscribers, whether they are answered by a live representative, by an automated attendant, or abandoned after 30 seconds of call waiting.

7.2. *Denial of Service:* Nothing in these standards shall limit the right of the Licensee to deny Cable Service for non-payment of previously provided Cable Services, refusal to pay any required deposit, theft of Cable Service, damage to the Licensee's equipment, abusive and/or threatening behavior toward the Licensee's employees or representatives, or refusal to provide credit history information or refusal to allow the Licensee to validate the identity, credit history and credit worthiness via an external credit agency, or failure to abide by Licensee's terms and conditions of service.

7.3. *Outage Credits:* In the event that all Cable Service is interrupted for twenty-four (24) or more hours, Licensee will grant affected Subscribers a pro rata credit or rebate.

7.4. *Publishing Information:* The Issuing Authority hereby requests that Licensee omit the information specified in 47 C.F.R. § 76.952(a) from its Subscriber bills.

8. REPORTS AND RECORDS

8.1. *Open Books and Records:* Upon reasonable written notice to the Licensee and with no less than thirty (30) business days written notice to the Licensee, the Issuing Authority shall have the right to inspect Licensee's books and records pertaining to Licensee's provision of Cable Service in the Town as are reasonably necessary to ensure compliance with the terms of this License at an office of Licensee during Licensee's regular business hours and on a non-disruptive basis. Such notice shall specifically reference the section or subsection of this License which is under review, so that Licensee may organize the necessary books and records for appropriate access by the Issuing Authority. Licensee shall not be required to maintain any books and records for License compliance purposes longer than three (3) years. If Licensee believes that the requested information is confidential, then the Licensee shall provide the following documentation to the Issuing Authority: (i) specific identification of the information; (ii) a statement attesting to the reason(s) Licensee believes the information is confidential; and (iii) a statement that the documents are available at the Licensee's offices for inspection by the Issuing Authority. The Issuing Authority shall take reasonable steps to the extent consistent with public records laws to protect the confidential nature of any books, records, maps, plans or other requested documents that are provided to the extent they are designated as such by Licensee in accordance herewith, including without limitation, cooperating with the Licensee's exercise of its rights to protect its confidential information from public disclosure. Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Communications Act, 47 U.S.C. § 551.

8.2. *Records Required:* Licensee shall at all times maintain:

8.2.1. Records of all written complaints for a period of three (3) years after receipt by Licensee;

8.2.2. Records of outages for a period of three (3) years after occurrence, indicating date, duration, area, and the number of Subscribers affected, type of outage, and cause;

8.2.3. Records of service calls for repair and maintenance for a period of three (3) years after resolution by Licensee, indicating the date and time service was required, the date of acknowledgment and date and time service was scheduled (if it was scheduled), and the date and time service was provided, and (if different) the date and time the problem was resolved;

8.2.4. Records of installation/reconnection and requests for service extension for a period of three (3) years after the request was fulfilled by Licensee, indicating the date of request, date of acknowledgment, and the date and time service was extended; and

8.2.5. A map showing the area of coverage for the provisioning of Cable Services.

8.3. *Additional Reports:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of any documents or forms filed by the Licensee with the FCC and/or the DTC that materially pertain to the Licensee's Cable System in the Town.

8.4. *Proof of Performance Tests:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of proof of performance tests required by applicable law.

8.5. *Annual Performance Review:* The Issuing Authority may, at its discretion but not more than once per twelve-month period, hold a performance evaluation session. The purpose of such evaluation session shall be to review Licensee's compliance with the terms and conditions of this License. The Issuing Authority shall provide Licensee with thirty (30) days advance written notice of such evaluation session. If requested in writing by the Licensee, the Issuing Authority shall provide Licensee with a written report with respect to Licensee's compliance within thirty (30) days after the conclusion of such evaluation session.

8.6. *Quality of Service:* If there exists credible evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of Licensee's Cable Services in the Town then, after notice to Licensee and an opportunity to cure, the Issuing Authority shall have the right to require Licensee to test, analyze and report on the performance of the Cable System.

9. **INSURANCE AND INDEMNIFICATION**

9.1. *Insurance:*

9.1.1. Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this License, the following insurance coverage:

9.1.1.1. Commercial General Liability Insurance in the amount of six million dollars (\$6,000,000) per occurrence for property damage and bodily injury and six million dollars (\$6,000,000) general aggregate. Such insurance shall cover the construction, operation and maintenance of the Cable System, and the conduct of Licensee's Cable Service business in the Town.

9.1.1.2. Automobile Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit each accident for bodily injury and property damage coverage.

9.1.1.3. Workers' Compensation Insurance meeting the statutory requirements of the Commonwealth of Massachusetts and Employers' Liability Insurance in the following amounts: (A) Bodily Injury by Accident: \$100,000; and (B) Bodily Injury by Disease - each employee: \$100,000; \$500,000 disease-policy limit.

9.1.2. The Town shall be included as an additional insured as their interests may appear under this License on the Commercial General Liability Insurance and Automobile Liability Insurance required herein.

9.1.3. Upon receipt of notice from its insurer(s) the Licensee shall provide the Issuing Authority with thirty (30) days' prior written notice of cancellation of any required coverage.

9.1.4. Each of the required insurance policies shall be with insurers qualified to do business in the State of Massachusetts, with an A.M. Best Financial Strength rating of A- or better.

9.1.5. Upon written request, the Licensee shall deliver to the Issuing Authority Certificates of Insurance showing evidence of the required coverage.

9.2. Indemnification:

9.2.1. Licensee shall indemnify and hold the Town, its officials, boards, committees, agents and employees harmless at all times during the term of this License from any and all claims, suits and judgments, whether for damages or otherwise arising out of the installation, operation, or maintenance of the Cable System or the provision of Cable Services in the Town, provided that the Town shall give Licensee written notice of its request for indemnification within a period of time from receipt of a claim pursuant to this subsection sufficient to enable Licensee to timely answer complaints, raise defenses and to defend all claims. Notwithstanding the foregoing, Licensee shall not indemnify the Town for any damages, liability or claims resulting from the willful misconduct or negligence of the Town, its officers, agents, employees, attorneys, consultants, independent contractors or third parties or for any activity or function conducted by any Person other than Licensee in connection with PEG Access or EAS, or the distribution of any Cable Service over the Cable System.

9.2.2. With respect to Licensee's indemnity obligations set forth in Section 9.2.1, Licensee shall, at its own expense, provide the defense of any claims brought against the

Town by selecting counsel of Licensee's choice to defend the claim, subject to the consent of the Town, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Town from cooperating with the Licensee and participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Town, Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such proposed settlement includes the release of the Town and the Town does not consent to the terms of any such settlement or compromise, Licensee shall not settle the claim or action but its obligation to indemnify the Town shall in no event exceed the amount of such proposed settlement.

9.3. *Performance Bond.* Licensee shall provide to the Town, and shall maintain throughout the term of this License, a performance bond in the Town's favor in the amount of Twenty-Five Thousand Dollars (\$25,000), which shall insure against material default by Licensee of the performance of its obligations under this License and shall be substantially in the form of **Exhibit B**. In the event that a performance bond provided pursuant to this License is not renewed or is cancelled, Licensee shall provide a new bond pursuant to this Article within thirty (30) days of such failure to renew or cancellation. Neither cancellation, nor termination nor refusal by the surety to extend the bond, nor the inability of Licensee to file a replacement bond or replacement security for its obligations under this License, shall constitute a loss to the Town recoverable under the bond. If the Town suffers any damages as a result of Licensee's failure to comply with the material provisions of this License, then the Town may recover from the surety of the bond all such damages suffered by the Town, provided that the total of such damages recovered from the bond shall not exceed the amount of Twenty-Five Thousand Dollars (\$25,000). Recourse by the Town of remedies available under this Section 9.3 shall not be exclusive of other lawful remedies available to the Town at law and equity.

10. TRANSFER OF LICENSE

Subject to Section 617 of the Communications Act, 47 U.S.C. § 537, no Transfer of this License shall occur without the prior consent of the Issuing Authority, provided that such consent shall not be unreasonably withheld, delayed or conditioned. Such consent shall be given only after a public hearing upon a written application and forms therefore as provided by the FCC and the Cable Division. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, by assignment of any rights, title, or interest of the Licensee in this License or the Cable System in order to secure indebtedness, or for transactions otherwise excluded under Section 1.38 above, except to the extent that any of the foregoing are determined to be a transfer of control pursuant to 207 CMR 4.01, in which case such transaction shall be subject to the Cable Division's transfer regulations (207 CMR 4.00 et. seq.). The transferee of any Transfer of this License shall be subject to the terms and conditions contained in this License.

11. RENEWAL OF LICENSE

11.1. *Governing Law:* The Town and Licensee agree that any proceedings undertaken by the Town that relate to the renewal of this License shall be governed by and comply with the provisions of Section 626 of the Communications Act, 47 U.S.C. § 546, the Massachusetts Cable Law and Section 13.12 below.

11.2. *Needs Assessments:* In addition to the procedures set forth in Section 626 of the Communications Act, the Town shall reasonably notify Licensee of its assessments regarding the identity of future cable-related community needs and interests, as well as the past performance of Licensee under the terms of this License consistent with the requirements of applicable law. Such assessments shall be provided to Licensee by the Town such that Licensee has adequate time to submit a proposal under Section 626 of the Communications Act prior to expiration of its term and consistent with any applicable timetables or requirements set forth in applicable law.

11.3. *Informal Negotiations:* Notwithstanding anything to the contrary set forth herein and subject to applicable law, Licensee and the Town agree that at any time during the term of the then current License, while affording the public appropriate notice and opportunity to comment, the Town and Licensee may agree to undertake and finalize informal negotiations regarding renewal of the then current License and the Issuing Authority may grant a renewal thereof.

11.4. *Consistent Terms:* Licensee and the Town consider the terms set forth in this Article 11 to be consistent with the express provisions of Section 626 of the Communications Act.

12. ENFORCEMENT AND TERMINATION OF LICENSE

12.1. *Notice of Violation:* If at any time the Issuing Authority believes that Licensee has not complied with the terms of this License, the Issuing Authority shall informally discuss the matter with Licensee, however the Issuing Authority reserves the right to inform Licensee in writing prior to informal discussions. If these informal discussions do not lead to resolution of the problem in a reasonable time, the Issuing Authority shall then notify Licensee in writing of the exact nature of the alleged noncompliance (for purposes of this Article, the "Noncompliance Notice").

12.2. *Licensee's Right to Cure or Respond:* Licensee shall have thirty (30) days from receipt of the Noncompliance Notice to: (i) respond to the Issuing Authority, if Licensee contests (in whole or in part) the assertion of noncompliance; (ii) cure such noncompliance; or (iii) in the event that, by its nature, such noncompliance cannot be cured within such thirty (30) day period, initiate reasonable steps to remedy such noncompliance and notify the Issuing Authority of the steps being taken and the date by which they are projected to be completed. In no event shall the cure period exceed a total of ninety (90) days from response pursuant to (i) unless the Licensee demonstrates in good faith to the Issuing Authority that such noncompliance cannot be cured within such 90-day period. Upon cure of any noncompliance, the Town shall provide Licensee with written confirmation that such cure has been effected.

12.3. *Public Hearing:* In the event that Licensee fails to respond to the Noncompliance Notice pursuant to the procedures required by this Article, or in the event that the alleged noncompliance is not remedied within thirty (30) days or the date projected pursuant to Section 12.2(iii) above, if the Town seeks to continue its investigation into the alleged noncompliance, then the Issuing Authority shall schedule a public hearing. The Issuing Authority shall provide Licensee at least thirty (30) business days prior written notice of such public hearing,

which will specify the time, place and purpose of such public hearing, and provide Licensee the opportunity to be heard.

12.4. *Enforcement:* Subject to applicable federal and State law, in the event the Issuing Authority, after the public hearing set forth in Section 12.3, determines that Licensee is in default of any provision of this License, the Issuing Authority may:

12.4.1. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or

12.4.2. Commence an action at law for monetary damages or seek other equitable relief;

12.4.3. Submit a claim against an appropriate part of the performance bond pursuant to Section 9.3 above; or

12.4.4. In the case of a substantial noncompliance of a material provision of this License, seek to revoke this License in accordance with Section 12.5.

12.5. *Revocation:* Should the Issuing Authority seek to revoke this License after following the procedures set forth in this Article, including the public hearing described in Section 12.3, the Issuing Authority shall give written notice to Licensee of such intent. The notice shall set forth the specific nature of the noncompliance. The Licensee shall have ninety (90) days from receipt of such notice to object in writing and to state its reasons for such objection. In the event the Issuing Authority has not received a satisfactory response from Licensee, it may then seek termination of this License at a second public hearing. The Issuing Authority shall cause to be served upon the Licensee, at least thirty (30) business days prior to such public hearing, a written notice specifying the time and place of such hearing and stating its intent to revoke this License.

12.5.1. At the designated public hearing, Licensee shall be provided a fair opportunity for full participation, including the rights to be represented by legal counsel, to introduce relevant evidence, to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the Issuing Authority, to compel the testimony of other persons as permitted by law, and to question and/or cross examine witnesses. A complete verbatim record and transcript shall be made of such hearing.

12.5.2. Following the second public hearing, Licensee shall be provided up to thirty (30) days to submit its proposed findings and conclusions to the Issuing Authority in writing and thereafter the Issuing Authority shall determine (i) whether an event of default has occurred under this License; (ii) whether such event of default is excusable; and (iii) whether such event of default has been cured or will be cured by the Licensee. The Issuing Authority shall also determine whether it will revoke this License based on the information presented, or, where applicable, grant additional time to the Licensee to effect any cure. If the Issuing Authority determines that it will revoke this License, the Issuing Authority shall promptly provide Licensee with a written determination setting forth the Issuing Authority's reasoning for such revocation. Licensee may appeal such written determination of the Issuing Authority to an appropriate court, which shall have the power to review the decision of the Issuing Authority *de novo*. Licensee shall

be entitled to such relief as the court finds appropriate. Such appeal must be taken within sixty (60) days of Licensee's receipt of the written determination of the Issuing Authority.

12.5.3. The Issuing Authority may, at its sole discretion, take any lawful action that it deems appropriate to enforce the Issuing Authority's rights under this License in lieu of revocation of this License.

13. MISCELLANEOUS PROVISIONS

13.1. *Actions of Parties:* In any action by the Town or Licensee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld, delayed or conditioned.

13.2. *Binding Acceptance:* This Agreement shall bind and benefit the parties hereto and their respective receivers, trustees, successors and assigns, and the promises and obligations herein shall survive the expiration date hereof.

13.3. *Preemption:* In the event that federal or State law, rules, or regulations preempt a provision or limit the enforceability of a provision of this Agreement, the provision shall be read to be preempted to the extent and for the time, but only to the extent and for the time, required by law. In the event such federal or State law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall thereupon return to full force and effect, and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of the Issuing Authority.

13.4. *Force Majeure:* Licensee shall not be held in default under, or in noncompliance with, the provisions of this License, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by a Force Majeure, provided that the Licensee takes reasonable steps under the circumstances to comply with the obligations of the License to the maximum extent possible without endangering the health or safety of the Licensee's employees or property, or the health or safety of the Town or the public, or their property. In the event that any such delay in performance or failure to perform affects only part of the Licensee's capacity to perform, the Licensee shall perform to the maximum extent it is able to do so in as expeditious a manner as possible under the circumstances. Furthermore, the parties hereby agree that it is not the Town's intention to subject Licensee to penalties, fines, forfeitures or revocation of this License for violations of this License where the violation was a good faith error that resulted in no or minimal negative impact on Subscribers, or where strict performance would result in practical difficulties and hardship being placed upon Licensee that outweigh the benefit to be derived by the Town and/or Subscribers.

13.5. *Delivery of Payments:* Licensee may use electronic funds transfer to make any payments to the Town required under this License.

13.6. *Notices:* Unless otherwise expressly stated herein, notices required under this License shall be mailed first class, postage prepaid, to the addressees below. Each party may change its designee by providing written notice to the other party.

Notices to Licensee shall be mailed to:
